Career Interests / Preferences

Other department(s) I am interested in/passionate about

Corporate - Wegmans Brand

My culinary interest/favorite food

Learning new recipes and preparing them for friends and family .
My favorite food is Mexican.

Something you don't know about me

I played soccer against the women's national soccer team in Bermuda.
I also played against/with Abby Wambach growing up throughout my soccer career.

My favorite thing to do outside of work

Spending time with my children, family, and friends.
Working out.
Cooking.

What I love to do and how this makes a difference at Wegmans

I enjoy creating new technologies for our customers. I enjoy teaching my team the things I have learned to help them with their work. Ultimately, learning from one another and collaborating as a team inspires new ideas and creates amazing software.

The Who We Are value that has influenced my success at Wegmans

High Standards

I strive to implement high standards in the work I produce. I take pride in the work my team does and believe that our

customers should have a seamless experience on the tools we provide them through technology as they do within our stores.
